## 興雅之星、榮耀我心

回望歷史長河，每當人類文明之舟行駛到關鍵交匯口，偉大的思想總能如航標、如燈塔，指引人們前進的方向。在現實的映照下，共同構建人類命運共同體的主張，愈發閃現出真理的光芒。是以，鼓勵親師生能跨界探索、勇於斜槓，以求自我實現，打破傳統的界限和框架，促進協作與統整能力，未來能成為推動教育、社會和經濟發展的重要能動者。

本次校刊的主題是「永續發展，興活樂雅」，自然科專題研究聚焦在如何減緩氣候變遷及因應其影響，這也是現今全世界非常關心的議題；就如同現在於學校官網首頁連結：哈佛大學科研網頁「Finding」致力於延續人類文明與提升生活品質的工作；Xingya Today 之青春 Podcast 吧所討論有關冰島火山三個月內第四次噴發的生態議題，也在警示人類文明需與大自然生態衡平相處。循此而論，吾人皆知，可持續發展目標（SDGs）是 2015 年由聯合國大會設立的 17 個全球性目標的集合，這些目標旨在通過 2030 年解決諸如貧困、不平等、氣候變化、環境惡化、和平與正義等各種全球性挑戰。每個目標都有在特定時間內實現的具體目標，而 SDGs 旨在引導全球努力實現更加可持續和公平的未來，造福全人類和地球。所以，校刊主題極富啟發性與未來性，從同學們的投稿中，可以發現同學們都能積極探討、思索、自省與行動，意識到世界公民的責任。換句話說，大家要以全球在地化的觀點彰顯自我與他者一體共生的有機關係，建立包容性社會觀，強調文化多元性和共存的價值，並且提倡尊重和理解不同信仰、族群及文化間的差異。循此，敦促親師生能以在地視角探索社區集體記憶及議題，並涵養思辨的能力，運用於課程、教學、活動與自造，以面對未來學習的挑戰。

## 校長的話

增銘 2017 年到任興雅中以來，我們一直都在協力構築適合新世代未來學習空間與全球人文情境，期待每位親師生都可以感受到學習的歡愉、學校的進步與社區的改變，進而培育能面對未來挑戰的人才。猶記得 2019 年學校榮獲全國交通安全教育金安獎，就是以「走一段路上學，綠色通學；重視空氣品質，減少汽機車廢氣排放」為議題而受到肯定；這就是所謂的「人文的力量」，讓尊重他者、在地關懷、連結生態與濡溥人類文明的情懷成為學校學習與日常生活的核心；亦就是「在生活中學習，在學習中生活」，進而培養全面性的知識累積與品格發展，讓同學們被賦予均衡的學習能力，鼓勵做出優於他人的表現，為下一階段的人生做預備，而進一步善用人文力量，也可以啟發親師生思考人生意義、塑造彼此認同、促進跨文化理解，並在個人生命中發揮靜思自省的重要作用。

誠如一首歌所唱著的：「我們哭了，我們笑著，我們抬頭望天空，星星還亮著幾顆；我們唱著，時間的歌，才懂得相互擁抱，到底是為了什麼，因為我剛好遇見你，留下足跡才美麗…」在增銘心裡，興雅的親師生都是興雅之星。七年來，大家風雨同舟、榮辱與共，為自己的未來與學校的發展，一起努力，身為校長的我，只有感動與感恩。教育是百年樹人的志業，教育人必須引領百年思索，催化美學領略的歷程，並將其隱化於學校環境、課程與活動中，喚起親師生的思想、情感、價值觀和經驗的共鳴，新的學習路徑與創意就能從中成形、強化與連結，並獲得啟發、理解、再生與分享，以豐富自身生命的多樣性與可能性。

最後，願興雅人能續以點燃心靈、智識、熱情及創意，彼此攜手同心，面對挑戰，集成創新，克服現實發展困境，共築夢想之家，再續輝煌。

劉增銘

謹識於松德之雅中

# 氣候變遷的未來生活調適

曹熙 老師

看到永續發展這個標題，對我來說是有感，我的學生時代正好是台灣經濟快速發展的年代，40 多年前的台灣處於人口快速成長的年代，學生人數遠遠超過目前，中小學的教室裡超過 50 人是很普遍的，卻少有學校的教室安裝冷氣，那時候的夏天會熱，但現在的夏天更熱，對，這就是暖化，不知道什麼時候開始，「暖化」這個詞彙就在報章雜誌上、在媒體上常常出現，茶餘飯後的話題裡，也不時透露出對暖化的擔憂，社會上對於地球暖化的應對快速地成為顯學。

如果排除花東縱谷區域因為西南季風造成的焚風，近四、五年來的夏天，仍是動輒出現 36 度以上的高溫，從媒體報導夏季的熱帶氣旋為美國南部、菲律賓等處送去的超大暴雨和超強風勢。北極熊也因為逐漸失去棲息地移往較低緯度的陸地，和棕熊雜交產生的北極灰熊也有數量增加的報導。冬季北極渦旋衝出極圈為高緯度地區帶來攝氏零下四、五十度的風暴，這些都在加深了極端氣候成為常態的憂慮。

當然，我們不能老是在這種哭調子裡打轉，對於節能減碳的口號，我們的政府宣導已久，重點是如何落實。我們可以建議家庭裡選擇使用節能家電，尤其是冰箱、冷氣、電熱水瓶這類耗能電器的替換選擇。大家有沒有注意到在教室的頂樓上方加裝的太陽能板？這種能源設施能夠減少對傳統能源的依賴。我們也可以建議家人選擇使用大眾交通工具、騎自行車或步行代替開車，以減少碳排放。更可以從改變自己的生活方式開始，例如，我們可以減少不必要的能源消耗，如在離開房間時關閉燈光、電器。季節交替時天氣忽冷忽熱，許多同學會利用下課時間在操場活動，當汗流浹背地進入教室時希望能打開空調來降溫，往往忽略其他同學的感受，這裡我給個建議：不妨多思考一下到底是天氣很熱還是只是人覺得很熱。

每一個節能減碳的動作、每一次我們為減緩暖化所做的推廣和努力都能夠用微弱的燭光燃起對未來的希望，同時期望環境的永續。

閉上眼睛，我好像看到獨自站立在浮冰上無助的北極熊。

# 氣候變遷的 未來生活調適

80232 陳彥睿

現今隨著全球暖化日漸嚴重，引致的氣候變遷影響同樣劇烈，不僅氣候變化異常，災害也頻繁發生，使得人們不得已提出相對措施，以適應未來生活。

現代工業科技發達，人類活動成了氣候變遷的主因，其中人為溫室氣體更是引發暖化的來源之一，包括釋放二氧化碳等使得極端氣候事件頻傳，大幅影響人類生活。原本我對此並無太大感觸，直到某一天，新聞剛好報導同為我國建交國—海地的氣候事件。身為低開發國家之一的海地，在八年前遇到了極大的災害—馬修颶風，其夾帶的強風及降雨十分驚人，造成多處崩塌、洪水和風暴潮強襲肆虐，所經之處無不哀鴻遍野，難民只能流離失所、尋求安身之地，鏡頭前民眾悲痛欲絕，眼神中盡是淒涼，震撼的景象使我了解到氣候變遷的可怕。看完事件造成的悲劇，為了更加了解氣候變遷的影響，便到網路上查了一下，不出我所料，各國近年來可說是飽受氣候災害的摧殘，台灣也不例外，海平面上升、森林面臨劇烈衰退等，同樣不能忽視。當然，政府也有相對應的措施，但不能只有政府做事，身為世界公民的我們，也應替地球付出心力，盡自己能力範圍可做的事。我們可以從日常生活中做起，如減少塑膠製品用量、使用節能家電、培養少肉多蔬的習慣，又或者我們這些學生，透過學習氣候新知，關心氣候能源議題，也能達到教育和環境保護，一舉兩得。而家人之間同樣能互相宣導，像我們家便會重複利用袋子買東西，我也養成隨手關燈的習慣，從生活中尋找改善氣候變遷的小方法，一樣能夠貢獻出一份心力！

地球是我們應該共同守護的，不論男女老少、國家種族，只要有一份感恩大自然恩典的心，並試著改變現狀、調適未來生活，相信世界會有所改變！

# 氣候變遷的 未來生活調適

81105 邱詠琦

氣候變遷是我們未來生活中必須面對的重大挑戰之一。隨著科技的發展及進步，我們可以利用創新方法來應對這一挑戰，從而建立更加永續和環保的生活方式。

首先，我們從能源問題開始看起。我們應該要去使用綠色能源，減少對化石燃料的使用，做到讓溫室氣體減少。太陽能等綠色能源的利用將為我們提供極大的改變。同時，我們還可以通過提高能源效率來進一步減少能源消耗，例如使用更節能的設備。

再來就是最離不開每個人的事情，飲食習慣。過度消費肉類對環境造成了巨大的壓力，因為畜牧業是溫室氣體排放的主要來源之一。因此，我們可以透過減少吃肉類，多吃植物性食物來減少這種影響。我們可以透過週一無肉日等活動幫助人們意識到他們的飲食選擇對環境的影響，進而改變他們的飲食習慣。

此外，我們需要重新檢視我們與自然環境的關係。教育是提高人們對自然環境重要性認識的關鍵，從小培養起對環境的尊重和關注意識至關重要。學校和社區可以透過開展環保教育和推廣環保行動來加強這方面的工作，使人們更加了解如何與自然和諧相處。

最後，城市的改變將對我們改善環境造成極大的影響。故我們可以透過搭建節能建築、增加綠色空間和改善公共交通系統等作為去改善居民的生活，還可以減少碳排放，為氣候變遷做出一些貢獻。

所以，面對氣候變遷帶來的影響，我們必須做出改變。通過轉型能源、改變飲食習慣、加強教育和改善城市環境等措施，讓我們一起創造一個好的未來。

81107 郭瀞媛

一直以來人們認為氣候變遷的原因來自地球暖化，因為溫室氣體增加，地球溫度上升，使得冰山融化、海平面上升，進而影響氣候出現劇烈變化。這些災難不只嚴重損害人類的生命財產，更可能發生糧食供應短缺、糧價飆漲等經濟問題，溫度上升使得生物遷徙，可能引發疾病風險上升，雨水不足使得人們爭奪水資源而導致政治衝突等問題。

台灣近 100 年均溫，每 10 年上升攝氏 0.11 度，近 30 年則每 10 年上升 0.25 度，相較全球均溫上升 0.08 度及 0.21 度，台灣增溫相對快速，影響也尤為顯著，除了造成乾濕季差異大，極端降雨以及颱風的強度增加，極端高溫與連續高溫日數變多，再再影響經濟活動，也影響人類身體健康。氣候變暖，也讓埃及斑蚊活動範圍向北擴增，導致登革熱疫情的增加，而海平面上升則導致西南沿海的部分低窪地區被淹沒，人民居住及可使用地減少。

人類行為是過去 50 年來造成地球暖化的主要原因，人類大量地燃燒化石燃料，如煤炭和石油，使得大氣中的二氧化碳濃度增加，再加上大幅度開墾林地、拓展農業和工業發展，致使溫室氣體濃度越來越高，全球溫度上升的速度也越來越快。要控制全球升溫，首先必須降低二氧化碳的排放，能源轉型是首要任務，例如以太陽能與風力取代火力發電；此外，保護生物多樣性與生態系統，是發展氣候韌性的基礎，豐富的生物多樣性，自給自足的生態系統，將有助於人類社會應對氣候變遷。

但就一個國中生而言，我們能做的事情是響應節能減碳，多多搭乘大眾交通工具及電動車，使用冷氣搭配電風扇可以不必將冷氣溫度調太冷，隨手關燈可以節約能源，使用環保袋、環保杯及餐具，還有節約用水，常常清理居家環境，避免病媒蚊孳生，這些都是日常生活中簡單就能做到的，讓我們一起為我們的地球盡一份力吧！

# 地球暖化對環境的影響

80502 周羿岑

地球暖化是一個世界各地都在討論並設法解決的問題，世界各地都在提倡「環保愛地球」的觀念，為什麼要這麼做呢？

地球暖化的原因有非常多，大多都是人為因素，工廠排放廢氣和廢水；汽車、機車造成的空氣汙染；人們亂丟垃圾到海洋，造成塑膠微粒散佈在海洋生態系，都是造成地球暖化的原因。原本健康的地球給人們這麼好的環境，而人們卻讓地球發燒了，地球真可憐，他需要被愛護。

而現在大家會如此重視這問題，是因為地球暖化對環境的影響真叫人不得不擔心，其實造成地球暖化的最大兇手就是二氧化碳，數據顯示，地球 88.6% 的二氧化碳來自燃燒化石燃料，包括用來發電、工業、運輸等。因為植物的大面積砍伐，造成無法吸收大氣中的二氧化碳，過多的二氧化碳會使全地球的溫度上升，這就是地球暖化，而地球暖化會使發生乾旱、森林大火、海平面上升等頻率增加，地球暖化造成的問題不只這些，地球暖化還會造成氣候變遷，作物無法生長，導致全球糧食不足。因氣候變遷，生物被迫離開原有的棲地，增加與人類接觸的機會，導致人共通傳染病的傳播。

而地球的未來會如何，取決於大家的行動，人類取用地球資源已超出自然界可以回復的情形，再不積極行動，發生問題的情況可能會更加頻繁與嚴重。若想讓地球恢復平衡與穩定，我們必須做出改變，讓地球恢復原來應有的樣貌，人類才得以持續在地球上與其他生物和諧共存。

我們該如何行動呢？最日常也最簡單的就是節約用電，台灣用電主要來自火力發電，節約用電可以減少排放二氧化碳，隨手關燈、少開冷氣，都是節約用電的表現！再來就是多搭大眾運輸工具，或是多騎腳踏車和步行來代替開車、騎車，這樣不但能減少二氧化碳的排放，還能省下油錢，「安步當車」就是用在這吧！除了你我日常的小改變外，太陽能、風力發電這種減少二氧化碳排放的能源也正在取代火力發電。所以，認識了地球暖化的原因，也了解了現今面臨的問題，人類對周遭的生物與環境扮演舉足輕重的角色，我們作為地球的一份子，一定要為地球資源的永續盡一份心力！

# 地球暖化對環境的影響

81201 何林玲

由於科技進步，人類活動的慾望增高，不斷砍伐樹木、築建高樓和工廠，以致於天然資源減少。還燃燒了煤、石油等化石燃料，釋放大量二氧化碳和甲烷等溫室氣體到大氣中，使得碳排放漸漸增加，造成空氣汙染。其中，溫室氣體在大氣中形成一個保護層，使地球表面溫度上升，引起極端天氣、地層下陷導致海平面上升等問題，此外，運輸與家庭生活等活動，也釋放了大量溫室氣體，也都加速了地球暖化的進程，未來可能帶來更多的挑戰，需要社會眾人共同努力面對及解決。

在生活中，我們常使用許多的電器和交通工具等生活用具，都可能形成地球暖化，像夏天吹冷氣，排放許多二氧化碳，使北極熊的家逐漸融化、隨意丟垃圾，可能因為隨風漂流至海洋，造成海洋汙染及周遭動物的健康受害、汽機車和公車等汽油類交通工具，大量排放廢氣，造成空氣汙染。因為天氣轉變，許多動物可能因此改變各自的棲息地，或者難以找到生存的家，而人類也可能因為海平面上升，城市開始淹水，生存的資源及活動範圍受影響，如蔬果植物成長困難、南北極的冰也逐漸融化成冰河，若我們不持續關注，等到氣候的惡化、新聞的報導，才知道地球正在暖化，也才開始採取行動，那就遲了。

至今地球暖化，開始造成南北極的冰融化，北極熊的家逐漸減少，使得台灣季節錯亂，極端天氣逐漸增加，如颱風、豪雨、寒夏天等，也因此對農業食品供應產生負面影響，植物果菜生長困難，人類的飲食以及呼吸問題也會逐漸上升，此外，由於海平面的上升，台灣沿海地區可能面臨更多洪水風險，甚至會淹入海中。另外，地球暖化還可能導致生態系統的變化，影響動植物的生存環境，進而影響漁業和生態多樣性。

為了降低暖化對台灣的影響，國中生在減少地球暖化對台灣的影響方面，扮演著重要的角色。我們可以透過節約能源，如隨手關閉電器和燈光等，來減少碳排放。同時，選擇騎自行車、步行或搭乘大眾運輸工具上學，減少汽車使用，進一步降低碳足跡。我們也可以積極參與垃圾分類，減少塑膠汙染，並推廣綠色生活方式，如參與植樹活動和宣傳環保知識。此外，參與社區環保活動，如清潔海灘和植樹造林等，不僅提升環保意識，也加強了社區凝聚力。

我們每個小小的舉動，都能對地球產生大大的影響。別再等待別人行動，從現在開始，讓我們一起守護地球，為我們的未來努力吧！

# 保護地球— 淨零排碳我可以做什麼？

80205 陳佩君

現在的世界，氣候變化和全球暖化已經成為我們不得不面臨的挑戰，為了保護地球，減少溫室氣體的排放變得更重要了！身為地球的一份子，就應該盡一份力來保護「他」，不能再讓溫室效應繼續惡化，因為再這樣下去，地球的平均氣溫會持續上升，氣溫的上升就會導致極地和高山區域的冰川快速融化，讓沿海地區的居民受到威脅，此外，極端氣候：熱浪、乾旱和颱風的發生頻率亦逐年攀升。因此，我們都應立即採取行動，減緩地球暖化。

瑞典的青少年環保活動家 Greta Thunberg 通過組織罷課和在國際會議上的演說，呼籲政府和全球領導人採取更積極的行動，實現淨零排碳的目標。美國前副總統 Al Gore 也長期以來一直是氣候變化問題的倡導者和活動家，他的紀錄片《不願面對的真相》以及相關的宣傳活動，對提高公眾對淨零排碳目標的認識和意識起到了重要作用。

「淨零排碳」是指在特定時間內，將溫室氣體的排放量減至零的目標。可以透過使用可再生能源、碳捕獲和儲存技術來實現。然而，身為國中生的我，雖然影響力甚微，但我相信，只要願意付諸行動，為地球做出貢獻，自然能收積沙成塔之效。像是上下學時都搭乘大眾交通工具，減少搭乘汽、機車；外出用餐時，可以攜帶環保餐具和容器，減少使用一次性塑膠製品；在家裡或學校，需謹守節約能源和資源回收規定，這些行動看似渺小，但我相信只要每個人都實踐，將會對地球產生積極的影響。

「淨零排碳，人人有責，愛護地球，你我攜手」不該只是口號，更是一種生活方式。通過養成環保的生活樣態，可以讓我們養成良好的習慣和健康的生活方式，還能促進可持續發展和綠色經濟，進一步更能維護生態平衡系統健康的實踐目標。

這樣的行動不僅能夠對環境和氣候產生積極的影響，還能夠為我們的子孫後代留下一個更美好的世界。因此，讓我們一起努力，為實現淨零排碳的目標而努力奮鬥！

# 我對各國氣候行動案例的深入了解與想法

80804 許巧璽

近年來，因為我們人類的濫用資源，隨便破壞大自然，導致現在的地球暖化，使兩極的冰雪融化，北極熊、企鵝的數量越來越少，海平面也逐漸升高，陸地被淹沒，還有氣候變遷的問題，原本正常的氣溫，變得越來越奇怪，各地的極端氣候發生也越來越頻繁，暖化已經危及到人們的日常生活，我們該如何改變呢？

美國，是全球第一大的經濟體，也是僅次於中國的碳排放國。美國政府的行動包括：簽署題為「保護公共健康與環境及恢復科學應對氣候危機」的行政命令、審查與修訂環保法規，並承諾美國在 2050 年前實現淨零排放的目標等。近年來，日本也飽受氣候異常災害接二連三發生。對此，日本設定目標預計到 2030 年將溫室氣體排放量比 2013 年減少 26%，並且在不同領域訂定具體應採取措施，訂定、修訂法律。

兩個國家對於現在的地球暖化，設定目標、修訂法律並且做出實際行動和具體的措施，除了有利於永續環境外，同時也能維持經濟活動共榮，並創造淨零碳排社會。

現在的臺灣同樣也受氣候變化的影響，冬天不像冬天、夏天不像夏天，是時候該改變。我認為其他國家做的是對的，我們應該向這些國家學習，訂定未來的目標，向目標邁進，做出改變，修訂環保有關的法律，並向人們宣導環保的重要性，教育我們應該付出行動，讓生病的地球趕快康復，世界各國都有在持續對於地球暖化的問題行動，雖然我們學生還無法做到那些改變政府的政策的行為，但是也有能做到的事情，我能在網路上發表自己的意見或是從自己做起，從生活中一些細微的行為改變，說不定就能保護這漂亮的自然環境。

這幾年全世界氣候一直都不正常，對於美國和日本的行動，我們台灣也要付出行動改變，跟上其他國家，期盼可以大家一起合作，改變不正常氣候的問題，做好自己也可以改變他人，在未來創造一個環保宜居的地球！

吞噬著氧氣。  
可是，  
在寒冷的夜裡，  
卻會湧出，  
濃稠的泉水。  
另一個洞穴裡，  
住了一隻飢餓的野獸，  
所有的東西都被吞食殆盡。  
但是，有時會有一種酸酸的土石流，  
將一切都驅散殆盡。

## 筆尖下

指尖輕撫過，刻印著潦草字跡的稿紙，食指前端朦朧的吻上了筆尖落下的殘響。一筆一畫，沒有生命跡象，微微下陷的墨跡，裡頭承載著幾分真切？早已分辨不清。

文字是一種人們表達情感的媒介，不過我並不常在寫作時寫出自己心中真實的想法或感受，因為它們太過醜陋，且充滿瑕疵。闔上雙眼，我試著對它們視而不見，字裡行間缺少的感情用虛構的愛來填補。由筆墨所編造而成的情感塞滿紙張——我妄想以這種方式觸動人心，卻在一次又一次的下筆中逐漸迷失。

將粗俗的、污濁的、負面的想法抹殺在心底，讓偽造出的光鮮亮麗在紙上淤積，為變得「討喜」而被剝去了心，失去溫度的文字是為了什麼而流動？在迷茫中沉浮，本應裝載文字的格線構築成的樊籠掐住了我的脖頸，我被我親手編織的謊言蠶食。

被我視而不見的，在心底被攪得破碎的情感，扎入心臟。

意識模糊，我於窒息的邊緣呼救，死命地伸出手去，狼狽的掙扎，像極了一隻離了水的蠢魚。

然而，垂死之時，自指頭傳來的觸感悄然拭去了我眼前的晦暗。抬起頭，我怔怔的盯著擺在眼前的物什。視線延伸的前方，一紙一筆，那是一切的開端。

「你期望在這張紙上描繪什麼樣的情感？」面對眼前尚未被筆墨沾染的稿紙，不斷的自問道。

顫抖著執起了筆，那些本該無力的懸掛在心頭的衝動再次湧現——僅是如此，就足以將腦海中沉寂的思緒全數點燃。

被深藏的、被忽視的、被抹殺於心底的，堵塞在心中的它們如同卡在喉間的瘀血，在下筆的一刻被嘔出，破碎而強烈的傾瀉在紙上。沒有停頓時間，雜亂無章的落筆，成了在血液中流淌的本能。情感於頃刻間蔓延，腦中迸發出的念頭在一筆一畫間燃燒，混濁不堪，卻無比真切。

手指的關節嘶啞的吼叫著，心跳聲在耳邊無措的悲鳴，疲憊感侵蝕腦海，困倦使強烈的不適感撕扯每縷神經，縱然如此，我仍想去親眼見證竭盡全力後，這些真切的感動能夠傳遞到何方。此刻，這些只有我知曉的心情，僅能在這一霎間徒勞的綻放，但我仍願將它們銘印在紙上，銘刻於心底。

從指節傳來的疼痛潦草的用「渴望」包紮，我用不會褪色的感動為勾勒出的每一筆刻上心臟，放任過於熾熱的情緒失控似的灌破胸腔，直至紙張的每一個角落都沾染上我的色彩。

不是為了過去，不是為了將來，也不是為了什麼人，甚至沒有什麼特別的理由，僅僅是想要將最真摯的感情，在只有九百四十九平方公分的稿紙上，以最淋漓盡致的姿態呈現。

污濁也好，醜陋也罷。

「無論如何，都想將它們傳遞出去。」

我活在了存於筆尖的當下，我的文字也終於擁有了心跳。

## 螢火蟲

優選

80531 陳拳相

每逢暮春，總讓我想起關於螢火蟲的往事。

我家住在郊區。小時候，螢火蟲每到四月就會出現在我家的院子裡，如點點星火一般在樹叢之間翩翩起舞，每次看到牠們，心頭便會湧出一股莫名的喜悅，但隨著我長大，螢火蟲的蹤跡也漸漸地隱沒，直到再也看不見。

後來，我發現這些螢火蟲退居距離我家約一百步的一塊小空地，這裡的螢火蟲不像現在我家那般僅有寥寥幾隻，而是遍布整片草地，滿滿的都是螢火蟲，每次來這裡賞螢，我都得「步步為螢」，深怕自己不小心踩到牠們。

然而，這一群螢火蟲也在兩年後消失無蹤，撤退到更後面的空地，後面這一群的規模比之前更大，如同滿天星斗一般閃爍於春末的月光之下。

有一天，我腦海中突然閃過一個點子：「既然螢火蟲不自己來我家，我把牠抓過來不就好了！」於是，我決定當天晚上立刻行動，吃完晚飯後，我便走到那塊空地，用手抓了一隻螢火蟲，然後直奔回家，結果當我打開雙手，準備把牠放到院子裡時，我發現牠不再發

光，一動也不動得躺在我的手心，當時我以為牠只是睡著了，於是我將牠放在一片樹葉上。但等到我過一陣子再出來看時，我看到牠還是待在同一片樹葉上，我才發現牠已經永遠睡著了，後來我到學校圖書館借了一本關於螢火蟲的書，看完後我才發現原來牠們的壽命只有一個星期，我卻連一個星期都沒讓牠過完，回頭想想，我小時候可真是個天才！

這件事讓我十分心痛，也讓我開始思考螢火蟲是不是不喜歡人類的打擾？

螢火蟲不斷過著被發現，然後消失，又再被發現的循環，我們人類卻為了自己而不斷的影響牠們的生活，造成牠們必須不斷地躲避，再這樣下去，牠們終將因為生存空間被人們壓縮殆盡而滅亡，這是我們希望看到的嗎？

人類作為萬物之靈，肩負著保護萬物的責任，相信人類能夠以自己的智慧，在做任何可能危害到其他生物的事之前多想一下，這件事，有沒有違背萬物之靈的使命？

## 冬天最棒的享受

優選

71511 陳品蓉

「唰、唰、唰」樹木在冷冽的風中舞動，潮濕的空氣使人難以忍受，灰灰的天空，使我的心情也跟著沉重了起來，寒風侵襲的冬天裡，冷颼颼的風如一根一根的針刺在我臉上，讓人捨不得從那溫暖的被窩裡爬出來，出門時，也不由得多加幾件厚重的衣服和羽絨外套，把自己裹得緊緊的，避免感冒。在這個季節裡，我最想來個冬天最棒的享受。

剛從外面回家我最期盼的就是洗個舒服的熱水澡了，冬天讓我全身都冷冰冰的，臉也變得蒼白許多，看起來十分無精打采，身上還穿著厚重的外套，我感到又冷又累。這時候我最想要洗個溫暖的熱水澡讓身體活絡起來。早已凍僵的腳和冰冰的身體一碰到暖呼呼的熱水瞬間都暖起來了！洗完熱水澡後，一天的疲勞感也都不見了，更忘記了外面是寒冷刺骨的天氣。甚至還想多待一會兒，不想離開呢！

我也喜歡在冬天吃火鍋，熱騰騰又美味的火鍋令人垂涎三尺、口水直流，我總愛盯著媽媽把一樣樣食材丟進鍋裡，「撲通！撲通！」火鍋裡的豆皮、牛肉、蝦子等……如在湯中泡溫泉般漸漸變色，我總是喜歡拿筷子戳戳它們，恨不

得能趕快把所有我想吃的東西都撈起來。等它們煮的又熟又熱的時候，就是準備大快朵頤享受的時候了，我和姐姐會衝到醬料區調製我們獨一無二的醬料，我會加些許醬油，再撒上一點點蔥作為陪襯，最後加上店家特製的沙茶醬，真是別有一番風味呀！我們倆就像藝術家般，在我們的小碟子上調出自己獨樹一幟的火鍋醬。好吃的火鍋誰能不心動！我迫不及待地吃的盤底朝天，完食後，整個胃都暖和起來了，在冬天吃熱呼呼的火鍋是我覺得最幸福的事。

你認為冬天最棒的享受是什麼呢？有人是上山玩雪；有人是躲在被窩裡追劇，有人是和三五好友出門賞梅花。而對我來說，洗熱水澡和吃熱騰騰的火鍋就是冬天最舒服、最棒的享受了。

# 我對於鳥的喜愛

80510 黃禹齊

特別，特別的不僅僅是他們的聲音外貌，而是我對他們的熱愛。

鳥的聲音很獨特，每隻鳥都各有自己獨一無二的聲音。有時候美好的假日不免會聽到陽台傳來的鴿子叫聲，鴿子的聲音最特別的地方，就是充滿節奏感，牠的叫聲很規律，差別只在於每一次叫聲的長短。上學的路上，我常常會抬起頭望向樹的枝頭，去觀察喜鵲的身影，喜鵲的聲音特別好玩，聽起來就像是在哈哈大笑，雖然牠的聲音特別容易聽到，但找到牠本人可就不容易了，因為牠時常躲在樹葉茂密的地方，所以觀察牠的時候，總是充滿挑戰性。

鳥的一舉一動總能讓我停下手邊的事情，專注的觀察。有時候的早自習，總是一不小心就開始發呆，轉向外面，就看到鴿子悠閒地蹲踞在屋頂上，有時待了幾十分鐘，才跑出去覓食，或是下課時間，看到牠在屋頂上跳躍，牠的腿很短，顯得牠跑起來特別可愛。有時候路過店家，還會看到他門口擺了各式各樣的鳥，有些是放在籠子掛著的，有些是放在籠子擺著的，那些擺在地上的，是一隻又一隻的鸚鵡，我蹲下來盯著他們看，沒想到其中一隻也盯著我看，後來我跑去看其他隻，有些彎曲著身體在睡覺，有些是跟著夥伴一起縮著吃飯。觀察鳥真的是一件特別有趣且好玩的事情呢！

有時候看到這些鳥被關在籠子裡，總覺得牠們很不自由，雖然有了棲身之地，也不需要再辛苦覓食，但當我聽到他們的聲音，似乎充滿著不快樂，畢竟又是誰願意待在那麼又小又擠的籠子呢？

每當看到那些鳥兒在一望無際的藍天中自由自在的飛翔，牠們總是治癒我心，他們彷彿在告訴我一切都會過去的，要對未來抱有希望，這也是我為什麼愛鳥的原因之一，所以除了希望牠們保有自由，也希望未來可以還給牠們一個充滿大自然的家。

# 在成長中逐漸明白的一件事

80904 李維羿

每個人在成長中都有不懂的事，但是隨著我們漸漸成長，視野更遼闊，許多不明白的事也會隨著時間一一解開。

我在成長中曾有一件一直不明白的事，就是該如何做自己？我常常在想做我自己，如果別人不喜歡我做自己怎麼辦？所以我就想知道他們希望我成為的樣子，然後再去滿足那個期待。在我還是國小三年級的學生時，我很害怕朋友會不喜歡我，會離開我，我用盡所有的方法討她們的歡心，就算是不喜歡的事，只要是我力所能及的我都會去做，但是久而久之我的生活一點也不快樂，我整日悶悶不樂。

直至我升上了高年級我看見了愛爾蘭詩人奧斯卡·王爾德說的一句話：「做自己，因為其他人已經有人做了。」看到這句話的當下我深受觸動。我也漸漸開始思考：為什麼我要改變我的性格來迎合他人呢？為什麼一定要以他們的想

法為目標他們才會喜歡我呢？我花了好長一段時間，才發覺「做自己」並不等於要改變我的性格來迎合對方。而是要讓自己過得自在、安適，不需要為了滿足別人的期待，逼自己做不喜歡做的事。但是也不能為了「做自己」忽略了其他人的想法和意見，這樣不是「做自己」，而是一個任性妄為的「巨嬰」。

既然討好他人讓我感到鬱悶，那我何不做自己呢？雖然可能交不到朋友但是至少「我」是高興的，所以我開始嘗試以自己的方式去社交，雖然朋友沒有之前的多，但是正因為他們是喜歡「我」這個人，而不是偽裝成他們喜歡的那個「我」，是因為我們有共同的興趣、話題、甚至理念才聚在一起的知心的好友們。我在他們面前不需要偽裝自己可以盡情的做回原本的我。「做自己」是我學過的最難的一件事，也是我成長中逐漸明白的事。

# 鯨落

## 序章

我是一尾人魚，名為菲莉拉，人魚國公主。今天是我國向鯨族致敬的重大儀式，簡單來說就是今天又有鯨族老者要離開這個世界了。

## 第一章 儀式

海斯頓（人魚國國王）：「親愛的，儀式要開始了，你準備好了嗎？」

菲莉拉：「父皇我不想去，今天我要去圖書館呢！」

海斯頓：「你是人魚公主不能不去啊，菲莉拉你要是不去的話，你以後就再也不許去圖書館了！」

菲莉拉聽到不許去圖書館連忙回道：「好好好，我去行了吧！」

會場上聚集著幾千位的人魚，人魚上方游著幾十隻的鯨魚，菲莉拉正因此感到震撼，一次出現如此之多的鯨魚讓她覺得非常不可思議。

海斯頓：「今日我們為鯨魚老者的鯨落儀式齊聚一堂，鯨落是每隻鯨魚的使命，他們幫助了無數生命，所以現在我隆重宣布儀式開始！」

一位鯨魚老者游到會場中央敬禮，接著轉身離開，這是鯨魚一生中最美、最溫柔也是最孤獨的風景。儀式結束大家就散了，菲莉拉卻對那個背影有著很深的感觸，因此她為了取得有關鯨落的書籍，而進入她不該去的地方「靈書閣」，她在一張桌上發現了一本有關鯨落的書，一翻開，一陣耀眼的光芒，菲莉拉昏了過去。

## 第二章 夢境

這是一個很久以前的故事，在那時深海魚族過得很痛苦，曾因找不到食物因而滅絕，鯨族是強大的魚族，他們從來不會因此而煩惱，當然也不曾關心過深海魚族，甚至還看不起他們。

直到一隻小鯨魚誕生了，她叫菲莉拉，菲莉拉愛著這片海洋，喜歡每一種魚族，但是她的家人卻堅決不讓她了解深海魚族，這讓她的好奇心快速膨脹，她從別的鯨魚口中得知深海魚族的困境，她祈求鯨王救助深海魚族，鯨王不但沒有理會她，甚至還將她視為受到深海魚族蠱惑的叛鯨者。

# 無聲的呼喚

直到菲莉拉被放了出來，她依舊在尋找如何幫助深海魚族，待她預知自己就要離世了，她才恍然大悟，原來幫助深海魚族的方法一直在自己身上，她慢慢下沉直到海底，直到身體被各式生命體啃食殆盡，她養育了不知多少魚類、多少植物，創造了多少生命，她出於海洋也將自己奉獻給海洋。

## 第三章 自私

菲莉拉醒來後發現鯨魚菲莉拉佔有了自己的身體，意思就是菲莉拉的魂魄不久後就會消失，菲莉拉憤怒的詢問鯨魚菲莉拉為何要佔有自己的身體。

鯨魚：「妳是不是看了那本書就覺得我無私奉獻很厲害，我告訴妳，我只是想讓自己死得有意義，之後的鯨魚也都開始效仿我，漸漸的就被他們說是鯨魚的使命，如果我們能活下去，我們當然不會去搞個什麼鯨落，現在活命的機會就在眼前，我當然不會放過，沒有生物是不自私的，妳也一樣，我相信當你遇到同一個問題妳也會毫不猶豫地跟我做出一樣的選擇。」

菲莉拉：「不！我絕不會和妳做出同樣的選擇，利用別人的生命使自己得以繼續活下去是多麼不可取！」

鯨魚：「這只是肉弱強食罷了！」

菲莉拉：「肉弱強食只是妳逃避問題的藉口！」

鯨魚：「啊啊啊啊啊啊啊」

菲莉拉突然從床上坐了起來，一切都是夢，也許吧。

一鯨現，穹宇驚  
一鯨鳴，滄海靜  
一鯨落，萬物生

夜晚，雨水下個不停，灰暗的街道上空無一人。一座老舊的公寓大樓，門口的燈籠掛著一盞搖搖欲墜的燈，在黑暗中閃爍著幽暗的光芒。公寓內的氛圍讓人感到毛骨悚然，彷彿有一股邪惡的力量正在潛伏。

在這座大樓的一樓，有一個已經很久沒有人居住的單位。傳說中，這個房間裡曾經發生過一宗可怕的謀殺案，自那之後，每個租客都避之唯恐不及。然而，有人聽說在午夜時分，能夠感覺到從這個房間裡傳出的無聲呼喚。

一個名叫艾莉森的年輕女子，決定挑戰這個傳說。她對超自然現象充滿了好奇，她想親自去探索一番。於是，在一個月黑風高的夜晚，她來到了這座被遺棄的公寓大樓。

走進那個房間時，她感覺到一股陰風從她身邊掠過，但她毫不退縮。她點燃了一支蠟燭，讓光芒照亮了整個房間。房間裡空無一人，但空氣中彷彿瀰漫著某種不可名狀的氛圍。

艾莉森坐在房間的中央，靜靜地等待著。隨著時鐘的滴答聲，午夜的時刻漸漸接近。當時針指向午夜的時候，她突然聽到了一個微弱的聲音，彷彿有人在呼喚著她。

「艾莉森 ...」那聲音如同幽靈般地在空氣中迴盪著。

她的心跳加速了，但她仍然堅定地坐在那裡。她想要知道這個聲音是從哪裡來的，它在呼喚著她做什麼。

「艾莉森 ... 幫助我 ...」聲音再次響起，這一次更加清晰。

她站了起來，踏向聲音的來源。她發現聲音來自房間的一個角落，一面古老的鏡子反射著微弱的光芒。她走到鏡子前，看著其中的倒影。

在鏡中，她看到了一個模糊的人影，彷彿被某種力量所束縛。她的心跳加速了，她知道這就是傳說中的無聲呼喚的來源。

## 第一章 傻子

這是我一個兄弟的故事。

他是個傻子，自從被人在後腦勺打了一棍後，昔日的李家天才就徹底不復存在了。原本對他寄予厚望的家族拋棄了他，愛子心切的父母也因為在幫他尋醫的時候遭人暗算而亡，可笑的是他的名字竟與救世仙帝李逍遙同名但或許是蒼天戲弄他吧！如今的他是個人人都瞧不起的乞丐，就連邪修屠城時也沒殺他（他們不殺弱者，因為那讓他們很沒成就感），然而就是這樣一個人，卻也因種種奇遇而存活至今。

某天他一如既往的路過丹閣的後門，並等待丹閣閣主施捨饅頭，在等了半個時辰……一個時辰……，直至三個時辰他才發覺不對，以往她就算有事，她也會派人拿饅頭過來想到這裡，突然一陣血腥味飄來，他心裡有了不好的預感。

而他在思考的時候腳上功夫也不閒著，因此，趕到時，那刀客還未走遠，望著那丹閣閣主的屍體，他一股熱流直衝天靈蓋，緊接著一棍揮出，而那刀客也好似能讀到他的心聲似的也迎面回他一刀，刀光閃過，他的眼前一黑，眨眼間就來到了地獄。

當靈魂一離體的時候，脫離了毀壞肉體的禁錮，他原本混沌的腦子瞬間就清明了，彷彿重獲了新生！

與傳說中的刀山油鍋、血池火海不同，迎接他的地獄溫馨舒適的就像是他小時候的家，處處充滿著某人曾經生活過的軌跡。

然後他很驚奇的發現這還真的是他家！他兒時留在牆上的塗鴉就是最好的證明，還記得當時被父親追著打的情景。對了，父親呢？

思及此，他急沖沖的推開房門！

然而，在客廳等著他的，不是別人，正是地獄的老大——閻王！

閻王對他溫和一笑：「坐吧，好久不見了，吾友！」遞給他杯冒著熱氣的茶。

李逍遙接過茶，靜靜觀察了他許久，才緩緩喝一口。

閻王與一般人想像中瞪眼豎目，兇神惡煞的形象不同，是個外貌相當平凡的中年男子，平凡到讓人見過即忘。而李逍遙不知為何，總覺得對方笑起來有些猥瑣。

隨著熱茶下肚，記憶慢慢回歸，他想起他真正的身分，他就是萬年前在神洲大陸遭逢群魔亂舞時，「一劍焚天蕩神州」的救世仙帝——李逍遙！

「請幫助我 …」倒影再次說道，她能感受到其中充滿了哀求和絕望。

艾莉森被這個景象嚇壞了，但同時她又感到一股奇怪的吸引力。她試圖控制自己的身體，想要離開這個房間，但她卻發現自己無法動彈。

突然，鏡子中的倒影開始變得扭曲起來，彷彿是被某種黑暗的力量所吞噬。艾莉森感到一股冰冷的氛圍從鏡子中散發出來，她能感受到其中蘊藏著極大的邪惡。

「逃走吧 …」一個低沉的聲音在她的腦海中響起，「否則你將永遠被困在這裡。」

艾莉森感到一股恐懼從心底湧上，她知道她必須逃離這個地方。她拼命地奔跑著，直到她來到了大樓的出口。

# 轉身成山賊王的我 (改編自海賊王)

80723 李家辰

在李逍遙飛升上神之後的三千年，迎來了他的神劫……但凡神仙下凡歷劫，皆需渡過九九八十一難，因此他從天才變傻子，受盡欺辱、窮途潦倒。

但按照命簿，他理應還有數十年壽命，他若現在就結束此世，也許還需再下凡歷劫，但會是不同的人生。

他心想反正都是歷劫：「我選擇繼續此生。」，況且，他想為曾經幫助過他的人報仇。

「就這樣？」閻王問，而他應了一聲。

望著他滿身的功德金光，明明他再次投胎也許可以有更好的身份，但閻王選擇不說，默默啜了一口茶。

「那你後悔嗎？」閻王又問

他答：「後悔，後悔那一棍沒打到他！」。還是一樣的嫉惡如仇啊！

良久，閻王道：「你也該回去了，慢走！吾友。」

落凡之二 地獄

返陽後的他看著面前三個年輕刀客陷入了沉思，神魂強大的他，且身為當世最強者多年，並不把這幾個小魚小蝦放在眼裡，只覺得怎麼路上隨便三人都敢找他麻煩了。然而，他忘了他現在並不是以前那萬夫莫敵的身體。

聽他們說他殺了他們的刀客兄弟，這也太令他疑惑！他唯一一次對刀客動手是在上次死之前，而且還不能確定那刀客死了沒，想到這裡，他一棍揮出，刀光閃過，他眼前一黑，隨後又再次來到那熟悉卻又無奈的地方。「李逍遙，我杯子還沒收呢！」閻王令人尷尬的聲音在他的耳邊響起。

李逍遙不想說話。

但這次閻王似乎下定某種決心，又道：「都來了，見見老朋友再走吧！」言畢，也不管李逍遙有何反應，隨即將他送入「地獄」。

李逍遙雖驚訝閻王此舉，但也只是一瞬便又無所謂了就算是地獄十大酷刑，

對他上神的神魂也是無用，他等了一陣子後，發現沒有想像之中的痛感，一睜眼才發覺是他那熟悉的人間，不禁對閻王這幼稚的舉動感到相當無言。而另一邊的閻王則露出一臉壞笑：「你以為這麼簡單，那你就錯了！」

隨後便將判官筆一揮，瀟灑離去。

我是滷味，一名「社畜」，因為我不小心打翻一杯水，我被電死了，但我轉生了，當我一睜開眼，我竟轉生到一個百分之八十是陸地的星球。

而我降生在一個厲害的家庭，我的爺爺孟騎C卡通是陸軍中將，爸爸是革命軍的老大孟騎C鳳，媽媽是陸軍的元帥，但爸爸因為是世界級通緝犯，而無法照顧我，爺爺將我交給我的養母滷蛋而我還有兩個乾哥，大哥孟騎C愛獅和二哥孟騎C撒剝，愛獅是山賊王孟騎C路杰的兒子，而撒剝是某國逃跑的王子，他們都比我大兩歲。

當我到了十六歲時，我的大哥愛獅已成為灰鬍子山賊團的二團團長，我的二哥已成為革命軍二把手，而我也剛成立了草鞋山賊團，我的目標是成為山賊王，因為我和小時候的救命恩人綠髮杰倫在我的故鄉相遇，當時我被一隻獅子追，是他救了我，我被他深深的啟發，而他給了我一雙草鞋我和他約定當我成為山賊王時，將草帽還給他。

當我組建好了團隊，收到世界政府的懸賞令，我的哥哥已被抓捕，即將處以死刑，而我不顧一切的往陸軍本部，只為營救愛獅。

到了陸軍本部，我的哥哥已被架上處刑台，而我和夥伴一起打倒了陸軍三大將，救出了要被處決的愛獅，至此我成為了陸上的四位皇帝之一的草鞋皇帝，距離成為了山賊王的目標又更進一步了。

但當我又距離下一個目標更近時，我的副手被擄走了，我十分的憤怒，於是我使用在21世紀學到的數學、理化，配出了億顆洲際導彈，炸平了那個基地。

當我救到副將時被背刺了，而我毫不猶豫的將她處理掉，但當我發現一切都是陷阱，就是為了讓我們內鬨，想到他臨死時對我說：「我不後悔上了你的船，船長。」我十分後悔，但當我得知真相後已經來不及了。所以我十分悲憤，

解決了陷害她的人，並約定和夥伴在兩年修練後重新啟航，而我們的船就停在陸軍本部，而在我兩年的修練途中發現了陸賊王寶藏的地圖，於是我便提前召集夥伴，出發尋寶，而圖上說寶藏在地球中最高的山，而當我們趕到現場時，發現其他的皇帝都在這，原來是消息洩漏了。

於是一場大戰在所難免，我發起了進攻打向了其中一位皇帝的頭，但他把我甩掉，我被他用槍抵在腦袋，我表現出了我十分的不甘心樣子，但就在這時我發現杰倫就在不遠處，他用一種看棋子的表情看這我，這時我發現一切都是局，為什麼我可以順利出海，變成皇帝，於是我撿起原子彈的遙控器，發射，同歸於盡，結果我醒了，發現只是一場夢。

I am a coconut tree  
My trunk is long and thin  
My leaves are big and wide  
I live on a beach  
I started to appreciate the world when I was a sapling  
The white clouds and the beautiful sky  
The blue sea and the bright sun  
The hotels are big and tall  
The houses are small and low  
People collect my fruits  
People drink my coconut water  
Every night,  
I watch the starry sky  
Listening to the sound of crashing waves  
It's so nice to be a coconut tree.

That day,  
Fireballs pierced the night.  
Went through the building.  
The fire lit up the school and the gas station.

Grim Reaper is coming.  
It turned into many fireballs.  
Fell from the sky.

Grim Reaper is coming.  
It led the iron bird down from the sky.

Grim Reaper is coming,  
It took their lives.

Grim Reaper is coming,  
It left behind loneliness and hopelessness.  
Wake up,  
The whole city was graffitied by it.  
Ash and sorrow are its gifts.

# The Impact of Global Warming in Taiwan

81323 林杰陞

Earth, without the destruction of dirt, is as pure as a gem. If the creatures that first appeared on earth could see the dirty appearance now, they would sigh helplessly.

Taiwan, this treasure island that the Portuguese exclaimed "Formosa" when passing by, also cannot escape the decline of nature guided by humans. The sea surrounding this beautiful island slowly rises because of overheating temperature. Taiwanese people who used to sit quietly watching the global warming now have to stand up and pay attention to this important issue that affects human survival.

I still remember that when I was a child, I had never heard of global warming. However, in recent years, it has become a major topic in the news. Also, the environmental issues have become widely discussed more and more.

When I walked on the sidewalk in summer, I could feel the sweat over my body because of the rising temperature. The highest temperature is breaking through every year, which means that Taiwan is also obviously affected by global warming, and we must pay attention to it.

Global warming not only affects the temperature, but also indirectly affects farmers' livelihoods. Extreme rainfall makes droughts and floods occur more frequently in Taiwan, and the probability of occurrence in spring after drought increases every year. In this way, farmers get worried when the time to harvest their crops is around the corner since the price of their crops will be greatly affected.

The most well-known cause of sea level rise is global warming. Under scenarios of 2 degrees Celsius and 4 degrees Celsius warming, sea levels in the water around Taiwan may rise by 0.5 and 1.2 meters, causing some low-lying areas along the southwest coast to be submerged. This makes the horrific disasters that have wiped out many countries from the earth are now gradually hitting Taiwan.

Global warming has become a major issue that cannot be ignored around the world, and Taiwan cannot stay out of it, too. In addition to reducing carbon emissions, we must also use renewable energy as much as possible to sustain the development of Earth. As a member of global village, everyone in Taiwan should take good care of the health of Earth and then we can live here happily without worries.

# Global warming

81023 吳奕寬

As the technology improves, people consume more and more energy on industrial products, such as vehicles, semi-conductor, artificial intelligence and so on. At the same time, we produce greenhouse gases as well. These gases cause global warming and pollute the environment. In the following paragraphs, I'll show you how the gases affect all over the world.

First of all, I want to tell you the definition of global warming. It means that people produce CO<sub>2</sub>, making the temperature and the sea level higher and higher. In Antarctica and the North Pole, more and more ice melt because of the gases, resulting in fewer spaces for penguins and polar bears to live. Some low-lying areas are flooded by the sea water. What's even more, there are growing parts of the ozoneosphere destroyed by the greenhouse gases. Global warming also causes climate change. Some hot places start to snow while other cold places keep getting hot. Lots of areas have drought or flood problems due to the abnormal rainfall. Many animals die and plenty of people's lives are impacted.

So, how can we save the Earth from this dangerous situation? We can follow the "3R rules". The "3R" are: Reduce, Reuse, and Recycle. We can avoid using the material which is harmful to the environment, and don't throw away anything that is possible to be used again. We can think about how to reuse it. And do recycling to make sure that everything is used thoroughly. In addition, we can also turn the lights off while leaving your house, use more green energy, and buy fewer items that are imported overseas. These are good ways to reduce greenhouse gases and pollution.

Though individual power is limited, group power is infinite. Let's take action to protect our homeland together!

## A Memorable Travel Experience

70905 柯綺萱

I have numerous travel memories, but the most unforgettable one is the trip to Germany. It marked not only my first encounter with snow but also my initial visit to Europe.

I went to Germany during winter break last year, and my family and I went to Munich. On the second day of our trip, we got on a train to Zugspitze, the highest mountain in Germany. We took a cable car to the top of the mountain and I was left in awe by the beauty of the clear sky and the mountains. The glimmering white snow falling down coated the mountain like a blanket, transforming it into a winter wonderland. The clear lake reflected the evergreen trees surrounding it like a mirror and the snowflakes floated down from the sky, creating a white veil.

There was a huge hill and many people were sledding and skiing. We rented a sled. As we climbed up the steep slope, the snow kept sinking, making it hard for us to keep going. The biting wind howled down at us, adding an extra layer of challenge to our ascent. The thickness of the snow made

it challenging for me to keep going, but I eventually made it to the top of the hill with my perseverance. Standing at the hill's peak, I hesitated, feeling excited yet nervous at the same time. Laughter and joy filled the air from fellow sledders. I watched around as a young boy sledded down the hill, laughing with happiness. With a deep breath, I pushed off.

The feeling of the icy wind biting my cheeks was cold yet comforting. The speed of the sled and the exhilarating wind made the experience unforgettable. The world blurred around me as I navigated the twists and turns. Every second of the ride made this moment memorable, and I was at the bottom of the hill before I realized. It was a simple yet extraordinary moment, etched in my memory forever.

Even though I have been to many other countries, this trip is special to me because this trip wasn't just a family trip, it was also a trip full of first experiences and new memories.

# How Fashions Change

80701 尤楷婷

“Have you ever wondered if there’s anything completely new?” When we talk about fashion trends, it seems like there isn’t. Fashion has its fantastic ability to take old styles, give itself a makeover, and make itself look brand new and exciting. And guess what? This trend of reinventing styles happens roughly every 20 to 30 years.

Why do fashion trends have a way of making a comeback? Well, one reason might be that designers find inspiration in their parents’ sense of style. So, guess what? The next decade might just bring back the cool fashions your parents rocked in the 1990s and 2000s. But here’s the exciting part – not all trends come and go. Some stay with us forever. Think about denim jeans, for example – they’re like the superheroes of fashion, never going out of style.

The journey of a fashion trend is like a roller coaster, and we call it the ‘fashion cycle.’ It has five cool stages: the introduction, the rise, the peak, the decline, and the outdated. So, here’s the story:

At the start, a designer brings in a brand-new style, and everyone is excited about it. People start sharing pictures of themselves wearing the cool new trend, and its on the rise. Soon, it reaches its peak, and almost everyone is wearing it – the coolest part! But just like how we get tired of playing the same game, people start looking for something new, and that’s when the decline kicks in. Finally, the style is called ‘so last year’ and becomes outdated.

Now, here’s a fun idea – the next time you’re thinking of clearing out your wardrobe because those clothes seem outdated, give it a second thought! In another 20 to 30 years, that very style might make a comeback. It’s like a fashion time machine! So, don’t be too quick to say goodbye to your ‘old’ clothes – they might be the next dazzling trend in the future!

# Artificial Intelligence (AI)

81028 張湛渝

AI is machines that can do things with the assistance of human intelligence. But there are two sides for this invention. Today, we are going to discuss the pros and cons about AI.

“Artificial intelligence”, with its pros and cons, is shaping our world now. Let’s embrace these intelligent machines. At the same time, we have to observe the quirk of AI.

How AI shapes our world? Well, I think that AI’s “multifunction” and “efficiency” would be the answer. First, AI can do tasks faster and more accurately than humans. It’s like a super speed helper who never gets tired.

Second, AI can handle repetitive jobs, freeing up humans for more creative work. Imagine a robot doing your homework! It also extends to some medical field. It helps doctors detect diseases. AI can serve as a medical detective who find the problem before conditions get worse and worse.

Certainly, there are some risks associated with AI. Let’s talk about it.

The lack of AI’s transparency leads to “how AI arrives at its conclusion”. We talked about AI’s multifunctional ability. It made it powerful and useful. But it also led to “job losses”. This phenomenon is due to AI’s “automations”. As AI is adopted in various industries. Like manufacturing or any job that you can think of. So, there’s a concern about job displacement for people.

In the evolving field of technology, AI stands as innovation. We must act carefully, secure transparency, and responsible usage. The future dependence of AI is not only in its capabilities but also in our ability. And I want to emphasize again that “As we unlock its potential, the future hinges not only on AI’s capabilities but also on our judicious stewardship.”

# Turning the impossible into possible.

佳作

81628 許睿洋

In this world full of possibilities, we often face the challenge of turning the impossible into possible. The impossible seems like an insurmountable mountain, an unfathomable ocean, but it is precisely these challenges that ignite our inner courage and creativity.

When faced with tasks that seem impossible to accomplish, we should change our mindset, seek different perspectives, and find solutions. Perhaps, this is our chance to break through our own limits. Behind every impossible obstacle lies a possible starting point, waiting for us to discover.

To turn the impossible into possible, one needs unwavering belief and uncompromising perseverance. Once, when I was studying for a history exam, I thought it was impossible to memorize all of the details. But as I repeatedly pondered the connections between events, I

realized that with persistent efforts, nothing is impossible.

This also involves the power of thought. When we believe we can change the status quo, even seemingly unattainable goals become achievable. Impossible is just a word, but our imagination and creativity are endless sources that can break through impossible barriers.

Turning the impossible into possible is an adventure that confronts fear and challenges limits. It is not an overnight achievement but a step-by-step effort and struggle. Through this process, I not only gained confidence and courage but also learned, grew, and improved myself. It taught me to cultivate flexibility and find new methods and solutions, which I can apply to setting a goals and striving to achieve it as much as possible. This way, I can create many possibilities.

# Parasite Island

70634 趙唯恩

Day 1

It was late at night.

Alan was just sitting in the waiting area for his flight back home. He looked at his watch, getting excited to go home to his family.

'The next flight is to America, New York City, the passengers for this flight, please enter the plane.' said the flight attendant on the microphone.

People in the waiting area started to line up for the plane, showing their passports to the guard. As Alan walked on the plane, he found his seat. He sat on his seat for a few minutes, as the plane started to fly. Alan closed his eyes as he started to sleep. A few hours later, Alan woke up, feeling much better, and then took out his earphones.

'Ladies and Gentlemen, our engines have somehow got broken. We have no backup. We will have to prepare for crash landing. May god help us.' said the pilot on the microphone.

People started to scream in panic. Babies were crying, and other people started praying. Alan took out the photo of him and his family as tears came out of his eyes. Then the plane crashed.

Alan woke up, and he looked around his body. He was not dead. Alan left his seat as he left the crashed plane. There were like a hundred or more people who survived the landing. He looks around seeing people if they were alright, but they were on some sort of grass field.

'Hey we're here. Help!' yelled someone, he was facing a bunch of people that were a few meters away wearing lab coats.

Other people started yelling for help to the people in lab coats. Suddenly the people in lab coats ran to them. The other people started to cheer, but then Alan took a look at the people in the lab coats running to them. As they ran closer, Alan got a clear sight of them. Their mouth was full of blood and their lips were gone. They had white eyes and they started to scream.

'RUN!' yelled Alan as he started running. Some of the people in lab coats attacked and bit some of the people. Everyone started running into the woods. A few minutes later, Alan stopped running and found he was alone. He took a deep breath. Alan was confused, but he knew those people in the lab coats were dangerous. Alan walked through the woods hoping to look for other survivors. Alan managed to walk out of the

forest, but as Alan walked out of the woods, he saw a hill with white houses on it. Then he walked closer to a house.

'Don't move.' said the man pointing a revolver at Alan, the man had a beard and wore a red shirt.

'Easy now, I'm not your enemy' said Alan.

'Did any of them follow you?'

'No, just me.'

'\*sigh\* Alright, follow me.' the man put down his gun.

Alan put his hands down as he followed the man. They walked to three other people with gears on them.

'How did you get all of these gears' asked Alan as he looked surprised.

'We found them in these white houses. My name's Derek by the way.' said Derek.

'My name's Alan.'

'Well it's nice to meet you Alan. We kind of need more people in our group.' said a man in a black shirt carrying a backpack.

'Who are you then?'

'My name's Leon and we can let you join our group.'

'Alright, but I kind of need some gear right now.'

'Sure, follow me.' Alan followed Leon into a white house. 'Here take this.' said Leon as he

gave Alan a 9 mm pistol.

'Thanks, but what about the other survivors?'

'They're on their own. We can't let more people come here. It'll attract more of those zombie things.'

'Do you have any idea where we are?'

'Yeah.' Leon opened a drawer taking out a map. Alan looked on the map.

'It's an Island. The map only shows this island that we are on.'

Alan then saw a backpack lying in the corner. 'Can I have that?' said Alan as he pointed at the backpack.

'Sure.' said Leon.

Alan put on the backpack. 'Can I have the map as well?'

'Yeah we got many of them anyway.'

Alan put the map in his backpack, and he put his pistol in his pocket, with his gear ready. Leon looked through the window.

'It's getting late, we should sleep.'

'But what if those zombie things find us.'

'Don't worry. Sarah and Kevin are taking the first watch. They'll warn us if anything goes wrong.'

'You trust them?'

'Yeah, they are trustworthy.'

'Alright.'

Alan went out and found himself a bed to sleep, and he put down his backpack. He lay on the bed, and then he took out the picture of him and his family.

'Don't worry, I will come back.' Alan closed his eyes as he went to sleep.

Day 2

Alan woke up seeing the sun rising over the hills. He got up from bed feeling relieved. He went outside looking for the other survivors.

'Oh, you're up.' Alan turned around and saw a woman with long black hair, wearing a jacket and carrying a backpack.

'Oh, umm where's Leon?' Alan asked.

'He and the other guys are still asleep.'

'You're Sarah, right?'

'Yeah, how do you know my name?'

'Leon told me that you and Kevin will take the first watch last night.'

As Alan and Sarah kept talking, Leon came out carrying his backpack.

'Come on. Let's go.' said Leon.

'Where are we going?' asked Alan.

'You'll see.'

Alan and Sarah followed Leon. They walked up a hill. Then Alan saw something that made him speechless. It was a helipad and a radio tower next to a metal door attached to hill. The three of them went to the helipad.

'You found this?'

'Yesterday,' said Leon.

'Then why didn't you send help?' Alan started to get angry.

'Because we need an access code to activate the radio tower and to open that metal door. It will probably lead us to somewhere safe.'

Then Alan started to calm down. He started to think for a minute.

'What if I go travel on my own?' asked Alan.

'Why?' asked Leon.

'I can go and explore more on this Island, and I can spread a good word to the other survivors that they can think of us as a friend.'

'But you know that this entire Island is full of those zombies. We don't even know where the hell they come from.' said Sarah.

'That's why I have to go explore. Maybe I might even find the access codes on my way.'

'If you leave, you're on your own. There's no help from us.' said Leon.

Alan nodded and walked down the hill. He started to walk in the woods looking for other survivors. Alan took out his map from his backpack. But then he heard screaming not far away. Alan put the map back into his backpack. He took out his gun and started walking slowly. Alan looked around the woods. Then he heard another scream. He faced the direction where the scream came from. Then he saw a man in a tourist shirt. His skin was gray, and there was blood on his hands. He kept slouching. Alan pointed the gun at him. Then the man started running to Alan. Alan shot him in the head, killing the zombie. He checked the body to see if it was dead. Then Alan started to continue walking. He took out his map and started checking where he was. He put his map away and kept walking. As he kept walking, he sees a pig. But the pig had jaws, and there was blood on it. The pig started running. Alan quickly took out his pistol and started shooting the zombie pig. The zombie pig died. But as Alan turned around, he saw a man in a brown jacket carrying a backpack holding a gun, and a blonde woman wearing a gray tank top carrying a backpack, also holding a gun.

'Who are you?' asked the man.

'Just a man trying to survive.' said Alan.

'Are you bitten?' asked the woman.

'No, I don't think so.' Alan looked around his body. 'Who are you two?'

'Can we trust you?' asked the man.

'Sure, if we put our guns away' said Alan.

The three of them put their guns in their pocket.

'My names Eddie, and this is Hallie.' said Eddie.

'My names Alan, nice to meet you both.'

'Are you with anyone?' asked Hallie.

'I was, but now I'm just on my own.'

'Our camp is close, you can come if you want.' said Eddie.

'Sure, thanks.'

Alan followed Eddie and Hallie. On their way to camp, they saw a bunch of zombies in their way to camp, and the three of them hide as fast as possible.

'How are we going to get across? There are too many.' Hallie whispered.

'Do you guys have another way to your camp?' asked Alan.

'No, that's the only way.' said Eddie.

Alan looked around. Then he saw a big stone. Alan picked up the big stone, and he threw it at another direction making a huge noise. The zombies heard the noise. And they started running to it. Then the three of them made a run for them. Suddenly the zombies saw them, and they started chasing them. The three of them took their guns out and started shooting the zombies while running. As they ran, they heard big sound of splashing water. Alan saw a waterfall not far.

‘Quick run to the waterfall!’ said Alan as he ran in the front letting Eddie and Hallie followed him. They ran to the waterfall, and they were on top of the waterfall. But the zombies were still chasing them.

‘On the count of three we jump!’ said Alan.

Eddie and Hallie nodded.

‘3...2...1 jump!’ said Alan as they jumped off the waterfall letting the zombies jump off too. As the three of them landed in the water, they quickly swam up to shore. Luckily the zombies couldn’t swim, so they drowned in the water. As they got up to shore, they started to catch their breath.

‘Wow, that was some smart thinking right there.’ said Eddie.

‘I was actually hoping for them to lose our scent.’ said Alan.

‘We should get moving or more of them show up.’ said Hallie.

The three of them started walking. A few minutes later, they managed to get to camp. It was a cave, but the entrance was covered by a metal door.

‘How are we going to get in there?’ asked Alan.

Eddie started doing a secret knock on the door. A bearded man opened the door wearing a cap and a blue shirt.

‘Who’s this?’ asked the bearded man.

‘He’s one of us now.’ said Hallie.

The three of them walked into the cave. But it wasn’t a cave, it was a small bunker.

‘How did you guys found this place?’ asked Alan.

‘We found it yesterday, full of food and guns.’ said the bearded man.

‘Alan meet Jacob.’ said Eddie.

‘So why did you bring him here?’ asked Jacob.

‘We found him near the woods, and he actually helped us kill entire horde of those zombies.’ said Eddie.

‘Well I’ll just be staying here tonight. I’ll be leaving first thing tomorrow morning.’

‘Alright, but first we have to eat.’ said Eddie.

Hallie started taking food out of a drawer. She passed to everyone, and they sit down and started eating.

‘Earlier you said that you were with someone?’ asked Eddie.

‘Yeah, but I left and went exploring on my own.’ said Alan.

‘Why?’ asked Jacob.

Alan knew that he needed to come up with something new, or he’ll expose the helipad and the bunker with the access codes.

‘Well I was curious about the zombies, so I want to know where they come from.’

‘You’re like researching these zombies?’ asked Hallie.

‘Uhhhh No, I am just very confused with these whole zombie things.’

‘Oh, well should introduce ourselves to you then.’ said Eddie.

‘Okay.’

‘Hallie, Jacob and I, we ran the same direction during the zombie attack, and we formed ourselves into a team.’

‘How did you found this bunker anyway?’ asked Alan.

‘We were looking for shelter and then Jacob saw the cave.’ said Hallie.

‘The door was opened. We came saw there was food, ammo, and backpacks.’

‘Which means there were people on this island.’ said Alan.

‘How did you know this is an island?’ asked Eddie.

‘Oh, uhh the group I was with before had a base on a high hill, and I could see the ocean around this Island.’

‘Then why didn’t you and your group build a tower of a rescue signal on a high hill?’ asked Hallie.

‘We didn’t have enough resources to build one.’

‘Well it’s late, we should get some sleep.’ said Eddie.

Suddenly, there was banging on the door and screaming coming from outside. Alan and the other started taking out their guns. Suddenly Jacob took out a shotgun.

‘You have a shotgun?’

Everyone was prepared for the zombies. Suddenly, the banging and the screaming stopped. Alan and the others were all confused.

‘I’ll go check it out’ said Jacob.

Jacob walked out of the door with his shotgun. He started looking around seeing if there were any zombies.

Jacob turned around to the other three, 'It's safe to come out now.' As they were about to come out, a huge winged creature swooped in and grabbed Jacob. It was so fast that Alan did not see what it was. They went back in the bunker, locking the door as fast as they could.

'What the hell was that!' said Alan.

'I don't know, but we know that thing killed Jacob.' said Eddie.

'Did anyone get a look on that thing?' asked Hallie.

'No. It was too fast.' said Alan.

'Well we're safe in here.' said Eddie.

Suddenly they heard a scream coming from outside, but the scream was different from the zombies. It was louder and sounded like there was a clicking noise.

'Do you think we're able to sleep in here.' asked Hallie.

'You guys sleep first, I'll take the first watch.' said Eddie.

Alan and Hallie agreed. They lay down on the floor, using their backpacks as pillows. They closed their eyes ready to go to sleep as Eddie took the first watch.

Day 3

'Wake up, Alan.' said Hallie as she shook Alan awake.

'What's wrong?' asked Alan as he just woke up.

'Eddie's gone.'

'What?'

'This morning I wake up and didn't see him. He just somehow vanished.'

'Did you check outside?'

'I did, but there was just no sign of him.'

'Alright. Let's go look outside.'

Alan got up and put on his backpack. He and Hallie opened the doors and got out of the bunker. It was morning. The sun was up, but no sign of Eddie.

'Okay, you look at the left, and I'll look at the right.' said Alan.

Hallie nodded, and they started searching for any sign of Eddie. After a few minutes, they still found nothing.

'You found anything?' asked Alan.

'No, what about you?'

'Nothing, I think let's check on top of the hill an-'

Suddenly Alan saw something shining in a bush on the bottom of the hill.

'Wait, I think I found something.'

'You did?'

Alan started walking down to the bottom of the hill to the bush. He spread the bush open and saw Eddie's gun with blood on it.

'Jesus Christ.' said Alan.

'What did you find?' said Hallie as she came down to the bottom of the hill to the bush. She saw Eddie's gun with blood on it. 'Oh my god.' her hands started to cover her mouth. 'Zombies?'

'No, if it was zombies, Eddie's gun wouldn't be here, which means a human killed him.'

Alan checked Eddie's gun for bullets, but there were none. 'They threw away his bullets.' Then Alan saw a small trail of blood. 'They must have taken him.' Alan pointed at the trail of blood.

'But why would they take him away?'

'I don't know, but we better find him fast.'

Alan and Hallie followed the trail blood. As they kept following the trail of blood, footprints appear on the ground. And they kept following

the trail.

'Thanks for helping me find him.' said Hallie.

'Well you guys helped me first. I'm just returning the favor, but after this I'm on my own.'

'After last night of Jacob getting killed, I can't lose another friend.'

'Well I'm glad that I could hel-'

Alan quickly lay on the ground, pulling Hallie with him behind a log.

'What are you-'

'Shhhhhh' Alan started to crouch. Hallie crouched as well, but then she saw a bunch of people wearing black hoods.

'Who are they?' Hallie whispered.

'I don't know, but I'm guessing these people are the ones who took Eddie.' Alan whispered.

Alan tried to get a good look at them, but their eyes were covered by their hoods. Alan then looked up, seeing a few of them on the trees.

'Okay we need to take them down quietly. But be careful, some of them are in the trees. You take the left and I take the right.' Alan whis-

pered.

Hallie nodded as she quietly crouched to the right, and Alan crouched to the left. He then crouched behind a man and quickly started to grab him on the throat, letting him not breath and killed him quietly. After a few stealth killed later by Alan, a man in a hood saw Alan from the top of the trees. Soon Alan took his gun out and started killing the other people in the hoods. After a lot of shooting and killing, there was only one left alive. Alan started to grab him and leaned him on a wall.

‘Where’s the guy you took, and who are you people.’ Alan asked the man aggressively.

‘What guy?’ asked the man with a chocking voice.

‘We followed you guys here with a trail of blood from a man.’

‘Oh, you mean the lamb for the slaughter.’ said the man as he started grinning.

‘I am not playing any games. Who are you people and where is he!’ Alan pointed his gun to his chin.

‘For us Watchers, you will be great for the sacrifice.’ Then the man started to laugh.

‘I don’t have time for this.’ Alan then pointed the gun at his leg and shot him in the leg. The man screamed in pain. ‘Where is he?’ Alan asked again.

‘Keep heading west, and you’ll find a tower,

but you will be a great as an offering to him.’ The Watcher laughed again.

Alan then let go of him. Then shot him in the head. Alan then saw a rifle on the ground, and he picked it up and carried it on his backpack. Then Alan and Hallie kept walking.

‘You killed those people with no regret.’ said Hallie.

‘I was in the army before. They showed me how to make enemies, and how to kill them.’

‘So, these people are called the Watchers. That’s new.’

‘They were talking about sacrificing Eddie. They might be some sort of cult that sacrifice people to a god for their lives.’

‘That is kind of weird.’

They kept walking for a while. Then they saw a huge high hill with a tower on it. They quickly hide behind a rock. Alan saw a few Watchers scouting around at the bottom of the hill.

‘That must be their base. We have to take them down quietly, and then we get into the tower.’ Alan whispered.

‘What about those snipers?’

Alan looked up at the tower. He saw a few

Watchers holding bows and arrows. Alan then gave Hallie the rifle.

‘Can you shoot this?’ asked Alan.

‘Yeah.’

‘Well I’m going to need you to snipe those snipers. Just remember you need to kill them so we can save Eddie. Can you do that?’

Hallie nodded. Alan started taking out the scouts on the ground as Hallie used the rifle and started sniping those snipers. After Alan killed all the scouts and Hallie killed all snipers, they went on top of the hill and opened the tower door, but there was nobody inside.

‘What? Where is Eddie?!’ asked Hallie.

Then Alan heard noises. ‘Wait, do hear that?’

Hallie started to listen. ‘Yeah I heard that.’

Alan and Hallie kept following the noise which led them to a door. Alan opened the door. There were stairs leading down to another door. As they went downstairs the noise got louder, it sounded like a group of people were saying some sort of made up language before they reached the door.

‘Hallie can I have the rifle?’ asked Alan.

Hallie gave Alan the rifle. Alan then kicked

the door down as Alan and Hallie started pointing their guns at the Watchers. Then they saw Eddie shirtless with his hands tied up on the ground with wounds around his body. Alan and Hallie shot the Watchers killing them.

‘You okay?’ asked Hallie as she bended down next to Eddie, trying to cut the ropes his hands were tied to.

‘Hallie?’ asked Eddie sounding very weak.

Hallie cut off the rope as she and Alan lifted Eddie up with their shoulders. They walked out of the basement leaving the tower, but as they leave the tower, there were a bunch of zombies outside on the bottom of the hill coming to them.

‘Holy shxx!’ said Alan.

They ran away from the horde, and then the horde started running chasing the three of them. They ran as fast as possible from the horde.

‘Just leave me. I’ll just slow you guys down.’ said Eddie.

‘Don’t say that. We’re going to get you back to the bunker.’ said Alan.

But this time the zombies were faster. As

the zombies were about to catch them, Eddie fainted.

Day 4

Eddie just woke up. He was on a bed, and he got up from the bed seeing his body covered up in bandages. He was in an unfamiliar room with a window and a drawer. Then Alan and Hallie opened the door.

‘You’re awake!’ Hallie ran to Eddie and hugged him.

‘Owww.’ said Eddie.

‘Oh sorry’

‘What happened, I remember we’re being chased by a bunch of zombies and I fainted.’

‘Well it’s a long story.’ said Alan.

Eddie looks at Alan. ‘Thanks for saving me.’

‘No problem.’

‘So what happened?’

‘Well, when we were about to get caught, a few survivors killed those zombies, and they offered to help us, so they let us stay here for one night. They also healed you and pretty much helped us.

A man then walked into the room. His skin was black with a crew cut and wore a white

shirt and a sleeveless vest and wearing black gloves.’

‘Well you look like you’re all healed up.’ said the man.

‘Who are you?’

‘My name’s Kyle and I’m the leader of the RSSU.’

‘The RSSU?’

‘The Rescue Survivor Savior Union. I didn’t make the name.’

‘What do you do?’

‘Well, after the plane crash, me and the other survivors found this huge military base on this island with a large amount of food, ammo, weapons and working generators to give us electricity.’

‘Wow.’ Eddie was very surprised.

‘So, we formed a militia group, offering other survivors to join us to help others.’

‘But what about those guys who tried to kill me?’

‘The Watchers? Those people thought that if they sacrifice other survivors, their god will let them leave this island.’

‘Yeah, those crazy sons of bxxxxxx.’ said Hallie.

‘So, do you guys agree to join the RSSU?’

‘Yes, because I have something very important to show you guys.’ said Alan.

Kyle started to bring them and other RSSU members to a meeting room.

‘Alright what is it that you want to show us Alan?’ asked Kyle.

Alan then took his map out of his backpack.

‘This place right here has a helipad and a radio tower and a bunker on this very hill.’ said Alan as he pointed the destination on the map.

‘Are you sure!?’ asked Kyle as he and the other survivors were all shocked.’

‘Yes, I used to stay there with my old group, but the bunker and the radio tower can only be used by an access code. Because without it, we’re all staying on this island.’

‘Alright people you know what to do. Go get geared up and bring everyone with us and our supplies with Alan here that can lead us to that helipad.’ said Kyle.

Everyone started to leave the meeting room to get ready except for Alan and Eddie.

‘You lied about the helipad?’ asked Hallie.

‘Listen I didn’t know who to trust before.’

‘But we took you in our bunker and trusted you.’ said Eddie.

‘I know, but this helipad is very important, and it needs to be a secret.’

‘Secret or not Alan. We trusted you, but you didn’t trust us. Why should we follow you now, huh?’

‘I didn’t know who to trust. This is something I couldn’t just share with everyone I just met.’

‘Bullxxxx. You just met Kyle for a day, and you just told him about the helipad.’ said Hallie.

‘Listen I-’

‘We’re leaving now, and we don’t want to see your face anymore.’ said Eddie.

Eddie and Hallie marched out of the door leaving Alan in the room by himself.

Alan then left the room, meeting Kyle at the cafeteria.

‘Hey Alan, you ready for the trip?’

‘Yeah, and uhh Eddie and Hallie aren’t coming.’

‘Why not?’

‘Well Eddie is still kind of injured and Hallie wants to stay with him.’

‘Are you sure that they are not coming to the helipad?’

‘They said they’ll come tomorrow.’

‘Well if that’s their choice then.’

‘Hey Kyle.’

‘Yeah?’

‘Don’ t you think that you trust other people too easily?’

‘Well when I look at someone in the eyes, I can tell if they’ re lying or not.’

‘What about me?’

‘Well for me, you’ re just a guy trying to do whatever it takes to survive.’

Alan then thought for a moment about him not trusting Eddie and Hallie. ‘Thanks.’

‘No problem. We will be leaving in an hour.’

Alan quickly ran to find Eddie and Hallie. He ran everywhere looking for Eddie and Hallie. As he ran, he looked through a window and saw Eddie and Hallie leaving with their gear. Alan quickly ran to the entrance of the base meeting with Eddie and Hallie.

‘Wait!’ yelled Alan.

‘I told you we don’ t want to see your face anymore.’ said Eddie.

‘Okay I messed up. Alright I lied, and I’ m not

a good guy.’

‘Yeah you are.’ said Hallie.

‘Listen I’ m sorry, okay. I just wish I didn’ t lie to you guys in the first place, but I still want you guys by my side, for now on no more lies.’

‘You promise?’ asked Hallie.

‘Yes. No more lies between us. Just the truth.’

‘Fine, we are back with you.’ said Eddie.

‘Really?’

‘But only if you promise that there will be no lies between us like you just said.’

‘Okay, I promise that there will be no more lies.’

After a moment of silence, Eddie and Hallie looked at each other and nodded.

‘We forgive you.’ said Eddie as he and Hallie walked to Alan.

‘We should head back inside. We’ re going in an hour.’

The three of them started to go back into base, getting prepared to leave this island.
